# Assembly Instructions

6.

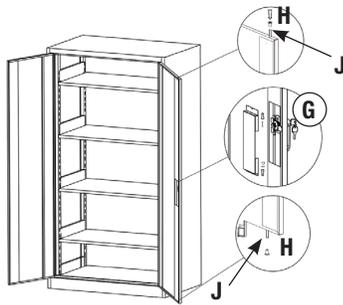

Bolt the left and right hanging board into the left and right side plate according to the diagram.

7.

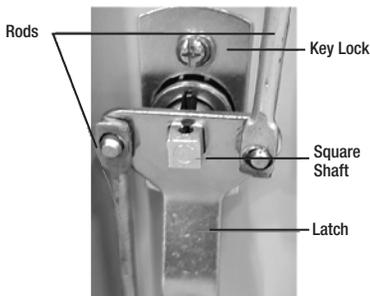

Load the partition and bottle plate into the cabinet as shown.

8.

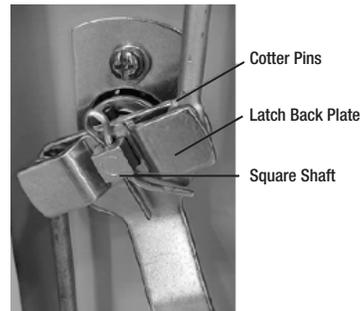

Put the poke stick and lock into the cabinet according to the diagram.

## Installation Steps for Door Handle:

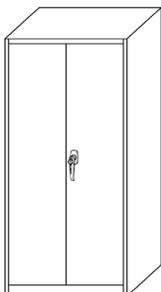

- 1) Remove access panel for the locking mechanism.
- 2) Install the key lock(G) using the Philips screws.
- 3) Mount the latch onto the square shaft of the key lock(G).
- 4) Install both the rods through the top and bottom holes of the door (N) respectively and mount to latch (see figure).

- 5) Mount the Latch back plate on the square shaft and use the cotter pin to lock it in place (see figure).
- 6) Re-install/Install access panel.

9.

Finished.
