ES37 CLEANER MAINTAINER POLISHER

- ES37 is specifically designed to clean, refurbish and maintain any densified, hardened or polished terrazzo/concrete floor surface
- This product removes marking and soiling, while also creating a smoother more resilient surface, reinforcing the surface of the floor with every use
- ES37 contains a special low friction lubricant that extends the life of floor pads, reducing cost and increasing the gloss level of the floor
- Use this product in conjunction with the Enviro-Solutions® Cleaner Maintainer Polisher Pads (ES-CMP)
